### **President's Report:**

Well, we finally got our big snow event just in time for March. This will set us up for spring break and the remainder of the spring skiing. Our assessment day was a smashing success with great volunteerism and athlete turnout despite the cooler temperatures. Looking forward we into spring break we need to reemphasis COVID protocols and show leadership from the directors, coaches and senior athletes. We have a great line up of training which we hope to successfully complete during the spring break will surely be a highlight for the season. Big shout out to Tyler Dinsdale and Arthur Knauf who have been working on little finishing projects on the club house over the past month.

### **Vice President Report: not present**

**Treasurer's Report:** General Account \$46876.42 Gaming Account \$9032.07 GIC 5000.00. Budget will be sent shortly. We are sitting in a good place financially for this time of year. We have done great with our budget.

**Registrar Report:** We only have one outstanding parent for BC Alpine, then we can forward payment. We will be looking into some BC Alpine form signing glitches before next year to avoid membership confusion. We would like to propose we purchase a Windows based laptop for registration and timing to foster more efficiency and compatibility to windows-based programming. Pricing and options will be presented to the board.

### **Alpine Report:**

We are having a great training season so far. We are going to go ahead and purchase some more jackets through Red Shreds. We are looking at the Helly Hanson brand and are planning to order 11 more team jackets and 8-10 coaches' jackets. We need to have this order in before March 15 for next October. Other items available in race gear which may be of interest to our membership. We will send out to the alpine parents for perusal.

We are trying to organize the on-snow portion of the coaches training, looking like spring break will work. Coaches' evaluations can be done as well for anyone who feels ready to be evaluated. Details to follow from Michele. The spring break training schedule will be sent out shortly. We will be looking for volunteers to help with some set up as well.

QCF Application – Submitting a request for all our equipment needs such as hero gates, GS panels and wireless timing. It is due March 17 but should be sent in by the end of this week.

**NGSL Report:** Kids are having fun; we have received good feedback from the assessment race. What do we want the end of season to look like? Perhaps March 21? We could have fun day complete with pictures. Then as long as conditions are good, we could continue you on until coaching feels it is no longer viable.

**Coaches Report:** We haven't done a lot of timing, not a lot of opportunities. We have had a great bunch of groups, who are progressing nicely.

**Special Olympics Report:** nothing to report for this year.
